

FutureTech Summit 2026

Frequently Asked Questions

When can I collect my badge?

Registration opens at 07:30 on both event days. Early collection is not available on 26 August.

Do I need identification?

Yes. Organizers may request a photo ID when issuing or replacing a badge.

Can I transfer my ticket?

A ticket may be reassigned before first check-in through attendee support. After first check-in, the issued badge is personal and non-transferable.

What is the cancellation policy?

Cancellation requests received through 20 August 2026 are eligible for a full fictional refund. From 21 August onward, tickets are non-refundable but may be reassigned before first check-in.

Are workshops included?

Standard tickets require workshop registration where offered. Premium attendees may access all hands-on workshops without additional registration, subject to room capacity.

Is Wi-Fi available?

Yes. Connect to FutureTech-Guest. The daily password is printed on the badge insert and displayed at the information desk.

Is there a cloakroom or luggage storage?

A staffed coat and small-bag storage area is available on the ground floor. Large suitcases are not accepted.

Can I enter a session after it starts?

Usually yes, if seats remain and entry does not disrupt the session. Workshop facilitators may restrict late entry after the first 15 minutes.

Can I bring food into session rooms?

Only closed water bottles are permitted in regular session rooms. Food must remain in designated catering areas.

What if I lose my badge?

Go to Registration with photo identification. One replacement may be issued. Organizers may deactivate the previous badge.

Are sessions recorded?

Selected keynote and regular sessions may be recorded. Hands-on workshops are not scheduled for recording.

Who do I contact during the event?

Visit the information desk in the Main Lobby or use support@futuretechsummit.example.

Policy precedence

If a specific ticket condition conflicts with a general FAQ answer, the ticket condition applies to that attendee. Operational safety instructions given by venue staff take precedence during the event.
